Dear parents, carers and families,

We have all really enjoyed learning, exploring and investigating shapes today during our maths enrichment day! The children couldn't believe how fast the time flew when they just focused on maths! Whether it was tessellating pentominoes; constructing midget gem polygons or simply searching for symmetry – they loved it! Please take some time to look at some of the activities we were doing on our school facebook page...

Barrow AFC were really pleased to take our donation for the foodbank today so thank you to all children and their families who remembered to bring a contribution for this very worthwhile cause that will be supporting families from Barrow, Dalton and the surrounding areas over the coming weeks.

Thank you also to all the parents and carers who have sat with their children and supported them with accessing the new learning platform we are using in school now. Every child has a TEAMS account that they can access here in school and hopefully at home. As we expected, there have been a few issues with logging on to the service but most children managed to complete their maths tasks – well done!!!

If you do not have a suitable device at home or you do not have broadband, we will be contacting you to discuss a way forward during next week. Please do not worry about this – we will do everything we can to support your child in school to ensure they can still access the learning!

Take care, stay safe,

DR

David Reddy
