Dear parents, carers and families,

The gardeners amongst us will have been pleased to see some rain this week! Although we continue to live through a national emergency, it is ok and actually quite important to notice and be bothered by the little day-to-day things such as the weather! The change in the weather might be one of the reasons why so many children are also sending in so many fantastic photos again linked to their home learning and family fun. Although we have not seen each other now for the length of a summer holiday; the brilliant photos that you are sharing with others in the school community are truly inspiring and a wonderful way for the staff and all friends to see each other and know a little bit about what you have been doing.

As we have always said, your efforts with home learning have been fantastic and the results you are producing are brilliant! Please, please, please remember that we are setting these tasks and challenges as a guide as to what you could do with your children at home and you must decide what works best for you, your child and your family situation. Can I re-assure all parents and families that as soon as we have further information regarding the re-opening of schools – we will share it! **Currently there is no date set (or planned for) to re-open any school for 'normal' education.**

Do remember that during these most difficult times; circumstances for individual or families can change very quickly over a short space of time. Please continue to be good friends and neighbours to each other. If you or somebody you know in our school community needs some extra support that you think we can help with then please contact me confidentially and directly at: head@grjs.cumbria.sch.uk

Take care and stay safe,

DR

David Reddy
(Headteacher)
