Dear parents, carers and families,

Two of our governors visited school this week to look around the classrooms, talk to the children and look at the learning they have been doing recently here in school. The focus of the visit was to see if they could find evidence of our children learning in different ways and had good skills linked to learning independently and also learning together. It was a very successful and positive visit. You will be pleased to know that our children here in school were once again a credit to themselves, their families and their teachers – well done everyone!

Thank you to the Y6 parents who were able to attend the information sharing meeting on Wednesday evening this week. We hope you found the meeting useful and answered your questions about the end of key stage two assessments (SATs). For those parents who were unable to attend the meeting, there will be an information sheet sent out next week with key dates and study suggestions for the children.

All parents are very welcome to attend the drop-in workshops we will be running in a couple of weeks time here in school. All class teachers will be hosting workshops in their classrooms, all with a different theme linked to how you can support your child with different aspects of their learning such as learning spellings, maths, topic homework etc. Please complete the slip below so we have a rough idea of how many parents plan to attend.

Despite changing the sports clubs back to hockey and multi-sports, we seem to have a lack of interest from the children in these activities at the moment. We are keen to offer activities that the children are excited about, please let myself or Mrs Greaves know if you have any other suggestions!

Keep your eye on our school Facebook page over the next few days as Mr Reddy goes to a conference with a difference...

With every good wish,

David Reddy
(Headteacher)
