Dear parents, carers and families,

When I ran the bell on the playground this morning at 8.50am; the thought of a whole day of maths filled us all with excitement!!! We have learnt some amazing things to do with shape today and importantly, done it in amazingly creative and exciting ways... Children at school have calculated surface areas of gifts, constructed 3D octahedrons with sticks and sweets as well as constructed patterns using a pair of compasses and circles – that was all before lunch! A huge thank you to the staff who planned and organised a great day for all the children in all classes – it was another great day at George Romney to remember!

Thank you to all the children and families who supported our recent charity events. We sent 38 'Boxes of Hope' to children in Eastern Europe and last week raised £240 for Children in Need. It is wonderful to know that our children understand the importance of helping others less fortunate than themselves in such a positive manner.

We are rapidly approaching the most wonderful (and busy) time of the year, please see the key dates/reminders below:

Thank you for your continued support,
