Dear parents, carers and families,

The Y5/Y6 children had an absolutely amazing time on their visit to Jodrell Bank! Despite the late start, we still managed to attend an incredible live science show, walk around the Lovell radio telescope, learn and explore using the interactive exhibitions, enjoy an awesome planetarium presentation, observe the clockwork orrery and compare it to ours we have made and of course, most importantly enjoy our packed lunch picnic! A BIG thank you to the mums, dads and nanas who gave up their day to join us – we learnt lots and really enjoyed ourselves!

I can't believe it has been a week since our fantastic PTA Christmas Fayre! We were amazed by the generosity of the families with their donations before the fayre and by how well supported we were on the afternoon – the hall hasn't been that full for a long time!!! The children really seemed to enjoy themselves and we were delighted by the appearance of our special guest, Father Christmas(s)!!! I am delighted to tell you that we raised just under £1000 for school funds from the proceeds of the fair and raffle combined 😊 I will be talking to the children and the PTA about how we spend this money to benefit the biggest number of children! A HUGE thank you to the members of the PTA who helped organise the Fayre and supported the event on the day!

A reminder to all parents and families that we will be walking to St Mary's church on **Monday 19th December** to celebrate the end of term with our special Christmas Service. It is always a lovely event and the children's readings, prayers and songs make it very memorable. Families and friends are welcome to attend and this year there is no limit to the number of guests per family. The service will start at **1.30pm** and you are most welcome to join us!

With every good wish,

DR
